CALL FOR SPONSORS

IEEE Congress on Evolutionary Computation (IEEE CEC) is a world-class conference that brings together researchers and practitioners in the field of evolutionary computation and computational intelligence from around the globe. The Congress will encompass keynote lectures, regular and special sessions, tutorials, and competitions, as well as poster presentations. In addition, participants will be treated to a series of social functions, receptions, and networking events.

We invite you to participate in the sponsor and exhibitor program for CEC 2021. This is an excellent opportunity to promote your brand to some of the top minds from this fast evolving field. In addition your brand will have extensive exposure to thousands of viewers and readers through the publications and media reports on the conference. As a sponsor you will have full access to the conference and networking activities.

We would have been very happy to welcome you all to Kraków in June 2021. Unfortunately, due to the pandemic, we are forced to adjust the initial plans and change the conference format to a virtual event.

Your support for CEC 2021 will allow us to expand attendance at the conference by supporting the participation of students and young researchers. In return, your brand awareness will increase. Additionally, thanks to the support of CEC 2021,you will have direct access to the highly competitive AI job market. Based on previous CEC conferences, we expect around 500 participants from world-renowned universities, research laboratories and applied industry sectors to attend CEC 2021.
